

2016 Presidential election

**This was many things.
This was a rebellion against the elites.
True.**

**It was a complete reinvention
of politics and polls.**

It's true.

But it was also something else. ...

This was a whitelash.

**This was a whitelash
against a changing country.**

**It was whitelash
against a black president in part.**

And that's the part where the pain comes.
