

2016 Presidential election

**We the people of the United States,
in order to dissolve what unity we have,
establish injustice,
insure domestic idiocy,
provide for the common offense,
promote the general despair,
and secure enmity toward
ourselves by our posterity,
do ordain and establish this
obnoxious political spectacle,
the election of 2016.**

**"Preamble" to
P. J. O'Rourke,
*How the Hell Did This Happen?
The Election of 2016***
