

Afghanistan War

I started the process.

**All the troops are coming back home.
They [Biden] couldn't stop the process.**

Twenty-one years is enough.

**Don't we think? Twenty-one years.
They [Biden] couldn't stop the process.**

**They wanted to, but it was very tough
to stop the process. ... Twenty-one years
by a government that wouldn't last —
the only way they last is if we're there.
What are we going to say? We'll stay for
another twenty-one years. Then we'll
stay for another fifty. The whole thing
is ridiculous. So we're bringing
our troops back home.**
