

The Bible

All Americans need a Bible in their home.
And I have many. It's my favorite book.
It's a lot of people's favorite book.

...

I'm proud to endorse
and encourage you to get this Bible.
We must make America pray again.

...

I'm proud to partner with Lee in this offering.
He's a very special man, both as a talent but
maybe even more so as a human being. He's
very, very special. And I think you all should
get a copy of God Bless the USA Bible now and
help spread our Christian values with others.
There you have it.
