

## **Bullshitters say**

**We do not have  
Obama judges or Trump judges,  
Bush judges or Clinton judges.**

**What we have is an  
extraordinary group of dedicated judges  
doing their level best to do equal right  
to those appearing before them.**

**John Roberts,  
criticizing Trump for calling a federal  
judge who ruled against his administration  
an "Obama judge" and ignoring decades  
during which courts at every level were  
packed with members of the right-wing  
Federalist Society, including Samuel Alito,  
Neil Gorsuch,, Brett Kavanaugh,  
Clarence Thomas and himself**
