

By the numbers

**Up to two-thirds of adults
live with alcoholism.**

**One in four children are
born with with fetal alcohol syndrome.**

Life expectancy is just 66.8 years.

Fueled by poverty and addiction

**– the unemployment rate
hovers around 80% –**

**the suicide rate is over four times
the national average.**

**The Guardian, September 29, 2017,
on Pine Ridge Indian reservation
in South Dakota**
