

Change

Things go wrong
really quickly now, don't they?
I mean they spiral very, very quickly
from the point where I can be
in my house, in my job, driving my car,
and lose my job, not pay my bills,
get repossessed, and be out
and living in a hostel ...
it's so easy, it's so easy.

**A Yorkshireman quoted in
Financial Times, January 22, 2018**
