

Children

**To target these young people is wrong –
because they have done no wrong.
It is self-defeating – because they want
to start new businesses, staff or labs,
serve in our military, and otherwise
contribute to the country we love.
And it is cruel. ... Kicking them out
won't lower the unemployment rate,
or lighten anyone's taxes.
or raise anyone's wages.**

**Barack Obama,
on Trump ending the 'Dreamers' program
offering legal protections to undocumented
immigrants who were illegally brought here
by their parents when they were children**
