

The Constitution of the United States

**According to the U.S. Senate,
there have been 11,848 attempts
to amend the U.S. Constitution.
But only twenty-seven of them
have been succesful.**

**America's Constitution has been amended
only twelve times since Reconstruction,
most recently in 1992 —
more than three decades ago.**

**[$27/11,848 = 0.002279$ percent success rate
— a snowball's chance in Hell of amending it]**
