

## **Dead-in-the-heads say**

**If you don't believe  
abortion doesn't affect you,  
I contend it affects you in immigration.  
If we had those 40 million children that  
were killed over the last 30 years, we  
wouldn't need the illegal immigrants  
to fill the jobs that they  
are doing today.  
Think about it.**
