**Now we have Pelosi's gazpacho police spying on members of Congress, spying on the legislative work that we do, spying on our staff and spying on American citizens that want to come talk to their representatives.**

**Marjorie Taylor Greene, February 8, 2022, conjuring up supposed soup Nazis while defending Rep. Troy E. Nehls's (R-Tex.) slanderous allegation that Capitol Police were illegally investigating him when they they followed standard security protocols and entered his office when they saw its door was wide open and no one was there; photographed its condition at the time, and reported the incident to him and his staff**
