

Death threats

**In a world where
the president goes on Twitter
to call a woman "horseface"
it seems pointless to call for "civility."
So let me suggest that we start with
a lower bar, maybe one we
could still hope to achieve:
Let's stop threatening
to kill one another.**

**Bill McKibben,
recipient of many death threats,
New York Times, October 21, 2018**
