

Deficits

**It's disappointing,
but it's not a Republican problem.
It's a bipartisan problem: unwillingness
to address the real drivers of the debt by
doing anything to adjust those programs
to the demographics of America
in the future.**

**Mitch McConnell,
claiming the \$779 billion deficit for
fiscal year 2018, Trump's first full fiscal year,
resulted from spending on entitlements
[Medicaid, Medicare, Social Security],
and not from adding a trillion dollars
to the national debt by cutting taxes
for corporations and the rich**
