

# **Democrats**

**Even the party's most progressive field for a generation or two does not contemplate taxes that are European in breadth and depth.**

**Pressed on this point, Democrats invoke the sage that was Willie Sutton. The criminal of yore targeted banks because, he said, with unanswerable logic, "That's where the money is." In a country with America's titanic inequalities, the top 1 per cent is where the money is. It is the obvious percentile to press for revenue.**
