

## **Food fight**

**McDonald's leader Ronald  
just stated he has a  
"burger on his desk at all times."  
Will someone from his big shoed,  
red nosed regime inform him that  
I too have a burger on my desk,  
but mine is a box meal which is  
bigger and more powerful than his,  
and mine has gravy! #nuclearbutton**
