

Fox News

**Fox knew. From the top down,
Fox knew "the dominion stuff" was "total bs."**

**Yet despite knowing the truth
— or at minimum,**

**recklessly disregarding that truth —
Fox spread and endorsed these "outlandish
voter fraud claims" about Dominion even as
it internally recognized the lies as "crazy,"
"absurd" and "shockingly reckless."**

**The colorful choices of words used by
so many Fox employees all try to capture
the same basic truth about these
inherently improbable allegations:
These claims were false, and obviously so.**
