

## **Gun violence**

**Guy comes in,  
puts the gun in my ribs.  
And I just said, "I believe you want  
the guy behind the counter."**

**I redirected him ...**

**The resolution was, he went to the  
appropriate person behind the register,  
who gave him the money  
and he left the store running  
before the police got there.**

**Ben Carson,  
on a robbery at a Popeye's in Baltimore**
