

## **Hypocrites say**

**Maxine [Waters],  
she's a beauty!  
I mean she was  
practically telling people  
the other day to assault.  
Can you imagine if I said  
the things she said? ...  
Horrible what she said.**

**Donald Trump,  
who often explicitly asks supporters  
at his rallies to punch out his critics  
and promises to pay their legal bills  
if they're charged with assault**
