

Hypocrites say

We have not done a very good job of making sure that people that have mental reasons for not being able to handle a gun getting their name into the FBI files and we need to concentrate on that.

Chuck "the Schmuck" Grassley, Republican Senator from Iowa and lead sponsor of standalone legislation that made it easier for people adjudicated to be seriously mentally ill to buy guns and not have their name added to FBI files, commenting on the killing of 17 and wounding of 14 at a Parkland, Florida, high school by a mentally ill ex-student armed with a semiautomatic AR-15 rifle he legally bought off-the-rack at a local gunshop
