

# Impeachment

There may indeed be proof enough  
for prosecutors of a future president's  
treason, bribery, or commission of a  
high crime or misdemeanor,  
but so long as a third of voters  
— or rather voters from  
a third of the states —  
tell their senators  
they remain unconvinced,  
conviction is hard to imagine.

**Jeffrey A. Engel,**
