

## **Income inequality**

**At Yale Law school, I felt like my spaceship had crashed in Oz. People would say with a straight face that a surgeon mother and engineer father were middle-class. In Middletown [Ohio], \$160,000 is an unfathomable salary; at Yale Law School, students expect to earn that amount in the first year after law school. Many of them are already worried that it won't be enough.**

**J.D. Vance, *Hillbilly Elegy***
