

Iraq War

**As you know, you go to war
with the army you have,
not the army you might want
or wish to have a later time.**

**Donald Rumsfeld, 2004,
response to a soldier who asked why,
nearly two years after the start of the war,
soldiers had to pick through landfills to find
scrap metal to up-armor vehicles with
needed protection against IEDs
(improvised explosive devices)**
