

Juries

My advice to you is that you never disclose that you were on this jury.

**Judge Lewis Kaplan,
to members of the jury after it
awarded E. Jean Carroll \$83.3 million in her
second defamation suit against Donald Trump
[To ensure its safety, Kaplan kept the jury
partially sequestered and fully anonymous
and instructed its members to not reveal
their real names to one another, given
Trump's supporters' penchant for
violence against his opponents]**
