

## **Populists say**

**It's not just the  
political system that's rigged.**

**It's the whole economy.**

**It's rigged by the big donors  
who want to keep down wages,  
fire our workers, and sell their  
products back in the U.S. with  
absolutely no consequences for them.**

**It's rigged against you,  
the American people.**

**Donald Trump**
