

Profiles in courage

[T]he Department of Justice
is not going to be extorted.

Rod Rosenstein,
Deputy Attorney General
overseeing the Mueller investigations,
on news that Mark Meadows, Jim Jordan and
other uncommonly long-tongued kiss-asses
known collectively as the Freedom Caucus
are circulating an unsigned draft of
articles of impeachment against him for
not giving them *unredacted* files from
active FBI investigations into possible
collusion with Russia and obstruction
of justice by Trump and his associates
[so they can share, and deny sharing, them
with fellow Republicans and the witnesses,
subjects the targets of the investigations]
