

Reich wingers say

Now what are the similarities between the Democratic Party of today and the Nazi Party in Germany? Well, the Nazis were against big business ... were opposed to Jewish capitalism ... were insanely, irrationally against pollution ... were for two years of mandatory voluntary service to Germany ... had a whole bunch of make-work projects to keep people working ... were against cruelty and vivisection of animals ... banned smoking ... were for abortion ... [and] cradle-to-grave nationalized healthcare.
