

## **Republicans say**

### **So what if Donald Trump**

**pays no federal taxes | thinks those who do are stupid | evaded the draft | belittles POWs & gold star parents | denies having supported the Iraq war | calls Mexicans rapists | wants to build a wall, exclude Muslims | insults & lies incessantly | interrupts critics to divert attention | personifies narcissism | is an adulterer | stalks, gropes women | can't tell banter from bragging about sexual assault | delegitimizes government, liberal democracy, a free press | wants nuclear weapons to spread, a trade war with China | praises dictators | asked Russians to hack Americans | never apologized for birtherism | defrauded investors & students | called it "Two Corinthians" | increases disrespect for America abroad | brags about making money by running for president?**

**He's for cutting taxes on the rich and  
packing the Court with right wingers  
WHICH IS ALL THAT MATTERS**
