Look at me.  
I'm German, from Germany.  
My heritage is German.  
You come after me,  
I'm going to give it back to you.  
And there will be a way — it doesn't  
have to be now — but there will be a way,  
they will know. Don't worry about it.

Reichsleiter Samuel Alito's wife,  
who was in fact born in Kentucky,  
fantasizing about Nazi-like violence  
against her neighbors for flying a Pride flag**
