

## Selfie

It was a saying in an African hospital:  
"When one day I die and happily go to  
meet my maker, he will say to me,  
    'Show me your wounds.'  
And if I have no wounds to show him,  
    he will say,  
'Was nothing worth fighting for?'"  
    I'm proud of my wounds.

**Nancy Pelosi,  
recounting something she read  
while on an overseas trip**
