**It's inadvertent but indisputable.  
He doesn't hide his pettiness,  
bury his petulance  
or successfully distract us  
from his vulgarity and bigotry.  
He's too needy an exhibitionist  
to wear a mask,  
too sloppy a manager to prevent leaks,  
and his universe is too chaotic for  
its mess not to spill ceaselessly  
into public view.**
