

Snapshot

The president has first and foremost his interests at the top of his mind, as opposed to the government's. That's very clear over the past week and a half, between shitting on our NATO allies and kissing Putin's ass. He cares more about himself than the nation and any of us who serve it. Either he's compromised by Putin or he's a pussy, in which case he should grab himself.

Donald Trump

portrayed by a former CIA analyst quoted by DailyBeast, July 18, 2018, after reports Trump was considering Putin's request to send anti-Putin Americans to Russia for interrogation
