

## **Snapshot**

**Trump didn't survive the attempt on his life  
because of divine intervention.**

**He survived because a virgin couldn't  
hit the fattest president since Taft.**

**And again, make no mistake.**

**I'm glad he couldn't.**

**But Trump is alive because he is the single  
luckiest motherfucker that ever lived.**

**His whole life is a string of  
you-gotta-be-fucking-kidding-me.**

**Donald Trump  
portrayed by Bill Maher**
