

# **Taxes**

**Contrary to Mr. Trump's claim that the United States is one of the most heavily taxed nations, only South Korea, Chile and Mexico, among [the 35] O.E.C.D. countries, collect less in tax revenue as a share of the economy.**

**That means the American budget for things like prenatal care, low-income housing and worker training is simply not up to the task.**

**Eduardo Porter,  
New York Times, October 11, 2016**
