

## **Trumpists say**

**Every leader kills people,  
including my leader.**

**Every leader kills people,  
some kill more than others.**

**Leadership requires killing people, sorry,  
that's why I wouldn't want to be a leader.**

**Leadership requires killing people.**

**Tucker Carlson, February 12, 2024,  
when asked why, during his interview of Putin  
in Moscow, he didn't ask him hard questions  
about freedom of speech in Russia or Russia's  
treatment of Alexei Navalny, who died four days  
later in the "Polar Wolf" penal colony  
forty miles north of the Arctic Circle,  
where he was serving a decades-long  
sentence for criticizing Putin**
