

Trumpists say

**Have we ever seen a President
attack and malign the free press
like Joe Biden has??**

**Republican Representative from Indiana,
diverting attention from years of Trump
calling journalists “enemies of the people”
by calling out Biden for being overheard on
a hot mic calling Fox News correspondent
Peter Doocy, to whom he later apologized,
a “stupid son of a bitch,”
which reminded people of John McCain's
on the air response to a question from Doocy:
“Why would you say something that stupid?
Why would you ask something that dumb?
Huh?”**
