

Trumpists say

**I believe, in the best interest of
bringing the country together,
I would pardon Donald Trump
[if he were convicted of a felony].**

**Because I think it's important
for the country to move on.**

**We've got to leave the negativity
and the baggage behind.**

I don't want this country divided any further.

**I don't think it's in the best interests for
America to have an 80-year-old president
sitting in jail and having everybody upset
about it. I think this would be the time
that we would need to move forward
and get this out of the way.**
