

## **Trumpists say**

**I don't think he should fire Mueller  
and I don't think he's going to.  
So this is a piece of legislation that  
isn't necessary in my judgment.  
I'm the one who decides  
what we take to the floor.  
That's my responsibility  
as the majority leader.  
We will not be having this  
on the floor of the Senate.**

**Mitch McConnell,  
on a proposed bill with bipartisan support  
to prevent Trump from arbitrarily ending  
Special Counsel Mueller's investigation  
into possible collusion with Russia and  
obstruction of justice by Trump**
