**I think I disagree with every single word  
in H.R. 1, including the words  
“but,” “and,” and “the.”

This is a bill as if written  
in Hell by the Devil himself.**

**Mike Lee, March 10, 2021,  
on the proposed For the People  
election reform bill, which would protect  
voting rights and the integrity of elections  
by outlawing major voter suppression tactics  
favored by Republicans like himself**
