

Trumpists say

I've seen enough. The Department of Justice has reached an intolerable state of weaponized politicization. When the Republicans take back the House, we will conduct immediate oversight of this department, follow the facts, and leave no stone unturned.

Attorney General Garland, preserve your documents and clear your calendar.

Kevin McCarthy, 9:01 PM – Aug 8, 2022, pissed by the FBI's court-ordered search of Trump's Mar-a-Lago home to retrieve documents belonging in the National Archives, some of which are so secret they cannot be legally described in an unclassified document
["follow the facts" is a cute touch]
