

Trumpists say

Navalny's death in prison is a brutal reminder that jailing your political opponents is inhumane and a violation of every principle of a free society.

Watch the Biden Administration speak out against Putin and his jailing of his leading political opponent while Democrats in four different jurisdictions try to turn President Trump into an American Navalny. The hypocrisy and corruption of the left is astonishing.

**Newt Gingrich,
12:52 PM – Feb 16, 2024,
comparing Trump's legal troubles and court-imposed fines to Putin killing Alexei Navalny
[The stupidity of Newt's tweet is breathtaking]**
