

## **Trumpists say**

**Sadly, by the way,  
there's a lot of suburban women,  
a lot of suburban women that are  
like, "Listen, abortion's it! If I can't have  
an abortion in this country whenever  
I want, I will vote for anybody else!"**

**It's a little crazy, by the way, but,  
especially for women that are past 50.**

**I'm thinking to myself,  
"I don't think that's an issue for you."  
Thank God my wife didn't hear that one.**

Trump-endorsed Republican candidate  
for senator from Ohio in 2024
