

Trumpists say

This decision is a disgrace to the rule of law and our Constitution. Dems invented a felony to 'get Trump,' with the help of a Soros funded prosecutor and a Biden donor Judge, who rigged the entire case to get this outcome. This isn't justice, it's election interference.

J. D.Vance, May 30, 2024, kvetching beause Trump was unanimously convicted by a jury of his peers of 34 felonies related to election interference during the 2016 presidential election, in what is a transparent attempt to better his chances of becoming Trump's running mate in 2024
