

Trumpists say

Yeah, I do think there's a chance of that [impeaching Biden after the 2022 midterms].

**And whether it's justified or not,
as we talked about when [my podcast]
Verdict [With Ted Cruz] launched,
the Democrats weaponized impeachment.
They used it for partisan purposes to go after
Trump because they disagreed with him.
And one of the real disadvantages of doing
that is the more you weaponize it and turn it
into a partisan cudgel, your know, what's
good for the goose is good for the gander.**

solicitor general of Texas from 2003 to 2008,
who thinks Trump was impeached over policy
disputes and believes in impeaching opponents
