I am in the process, along with my team, of interviewing various law firms to represent me in an Appeal of one of the most ridiculous and unfair Witch Hunts our Country has ever seen—The defamation Sham presided over by a Clinton appointed, highly partisan, Trump Hating Judge, Lewis Kaplan, who was, together with certain other Radical Left Democrat Judges, one of the most partisan and out of control activists that I have ever appeared before. ... Any lawyer who takes a TRUMP CASE is either "CRAZY," or a TRUE AMERICAN PATRIOT. I will make my decision soon!
