

## **Wealth inequality**

**The average full-time Amazon employee made \$37,930 in 2020.**

**In order to accumulate as much money as Bezos (\$172 billion) ... an employee would have had to start working in the Pliocene Epoch (4.5 million years ago, when hominids had just started standing on two feet!).**

**Mona Chalabi,  
New York Times Magazine, April 7, 2022**
